# Continuing Umbrella of Research Experience for Underserved Minorities (CURE) Program

National Cancer Institute

## Source

National Cancer Institute. *Continuing Umbrella of Research Experience for Underserved Minorities (CURE) Program*. NCI Thesaurus. Code C19732.

The Continuing Umbrella of Research Experience for Underrepresented Minorities Program (CURE) is a new strategy being implemented by the National Cancer Institute to expose minorities to cancer research at the high school and undergraduate levels. The program is being initiated nationwide.
