

Review of: "Prevalence of Common Mental Illness and Its Associated Factors among Hawassa City High School Students in Hawassa, Sidama Region, Ethiopia"

Shafeah M. Aljedaani

Potential competing interests: No potential competing interests to declare.

I am pleased to be invited to review this interesting article, i have some comments:

- 1- You need to add reference for every citation, there are some paragraphs in the introduction with no reference.
- 2- It is better to add the recommendations part and mention further studies related to this issue, you also need to add the limitations that you faced during the preparation of this study.

Great job,

Shafeah Aljedaani
