

Review of: "The Role of Financial Literacy on Sustainable Development of Micro, Small and Medium Enterprises (MSMEs) in Africa"

O.Y.A. Wijaya

Potential competing interests: No potential competing interests to declare.

1. The writers need to be clear about the amount of the sample 680 MSMEs that were being observed. How did they get this number? Was it gained by using a formula or only a certain judgment?
2. Please use references at least 5 years back and no longer than that, as I see there is a reference from 2011.
