Potential competing interests: No potential competing interests to declare.

1. The abstract provides a comprehensive overview of the topic. Additionally, the abstract could benefit from concise information about the potential challenges or limitations in domesticating Ragimot and the implications for its sustainable use.
2. Consider adding a sentence or two in the introduction that hints at why this berry is of interest or relevance, whether due to its cultural importance, nutritional value, or potential medicinal properties. This would help set the stage for the subsequent sections of the article, providing readers with a clear understanding of why the Ragimot berry is worthy of detailed exploration.
3. Adding more information about bioactive compounds present in the Ragimot berry and their therapeutic and medicinal properties would help the readers better understand this berry's worth.
