NIH Consensus Response Criteria for Chronic GVHD

National Cancer Institute

Source

National Cancer Institute. *NIH Consensus Response Criteria for Chronic GVHD*. NCI Thesaurus. Code C103138.

A tool used to assess response to therapy for chronic Graft versus Host Disease (cGVHD) based on clinical trial findings and recommended by the NIH Chronic Graft-versus-Host Disease Consensus Response Criteria Working Group. The criteria were established in 2005 (Biol Blood Marrow Transplant, 12 (2006), pp. 252-266) and revised in 2014 (Biol Blood Marrow Transplant, 21 (2015), pp. 984-999).
