# Bullmastiff

National Cancer Institute

## Source

National Cancer Institute. *Bullmastiff*. NCI Thesaurus. Code C53764.

The Bullmastiff is very powerfully built with a broad wrinkled head and fairly short, square, dark muzzle. The v-shaped wide-set ears are pendant and dark colored. It has a short, slightly rough coat that comes in brindle, fawn, or red, often with black markings on the head. Height: 24-27 inches (61-69 cm.) Weight: 100-133 pounds (45-60 kg.)
