

Review of: "Effect of Organisational Factors on Intrapreneurial Behaviour of Public University Academicians in Malaysia"

Nguyen Le-Hoang Long

Potential competing interests: No potential competing interests to declare.

The revised manuscript still contains minor errors that need to be addressed.

- The role of gender as a mediator was mentioned in the abstract, but it plays a moderating role in the rest of the manuscript.
- The role of the two focal theories, Resource-Based Theory and McGregor's Theory of X and Y, was not clear in the research framework.
- The authors need to update the current stream of research to enhance the depth of the literature review.
