Potential competing interests: No potential competing interests to declare.

The review is well written with little need for more grammatical corrections such as:

1- under section 4. phytoconstituents, second line , remove word (about). Also in the same paragraph, line 6, add (and) before (p-hydroxybenzaldehyde).

2- Need to add reference under the section 4. phytoconstituents, first line.

3- add space for all ( of *P. marsupium*) along the review.

4- This review is accepted for me with minor revision.

Thanks,
