# Stage IIIA1

National Cancer Institute

## Source

National Cancer Institute. *Stage IIIA1*. NCI Thesaurus. Code C139980.

A stage term that applies to ovarian and fallopian tube carcinoma and indicates that the tumor is limited to ovaries (one or both) or fallopian tube(s) or the tumor involves one or both ovaries or fallopian tubes with pelvic extension below pelvic brim. There are positive retroperitoneal lymph nodes only (histologically confirmed) and no distant metastasis. (adapted from AJCC 8th Ed.)
