Potential competing interests: No potential competing interests to declare.

The topic is interesting and could be published if the authors further polish it following standard journal article guidelines. Particularly, the abstract needs to be reorganized based on standard content, the results need to be presented based on the specific objectives. There are many tables and graphs that need to be discussed further. The conclusions and recommendations need to be updated accordingly.

The overall style of the write-up needs to be as per standard journal article guidelines.
