

Review of: "Exploring the Convergence of Macroeconomic Variables and Market Capitalization in an Emerging Economy: An Empirical Analysis Using Arbitrage Pricing Theory"

Iman Mohammadi

Potential competing interests: No potential competing interests to declare.

Hello

The text is appropriate and significant, but it needs to be slightly modified in the following cases:

- 1- More up-to-date sources should be used (in some parts of the text, very old sources have been used).
- 2- Mention the research hypotheses in the text so that the obtained results can be better understood.

Best regards

Dr. Iman Mohammadi
