The article is appropriate to be published. However, some points need to be revised as follows:

## Whole documents

-All scientific names should be italicized.

## Materials and Methods

-This study is related to the use of animals for scientific studies. Therefore, ethical approval for animal use should be mentioned.

-The subtopics 'Milk Sample Collection' and 'Udder Cleaning' should be written together.

- Please double-check, the first three sentences of subtopic 'Isolation and Identification' repeat the previous topic 'Udder cleaning'.
