Abstract

1. The title of the paper is not very suitable, please modify it.
2. The space between "of" and "Olea Africana" is missing, please correct and check the whole manuscript.

Background

3. Please briefly explain the aqueous extract of *Olea africana*, the ethanol leaf extract of *Olea africana* and the methanol extract of *Olea Africana*.

Materials and methods

4. Please mark the instrument used to measure blood and biochemical parameters.
5. Please label the name of the H&E stain in the "Histopathology" section.
6. Please provide additional explanation on the relationship between "ns" and P value.
7. Please test the active ingredients of your extract.

Results

8. Please harmonize the labeling of "figure" throughout the manuscript. Such as punctuation and order.
9. "The mean organ-to-body weight ratio in mice given the extract over 28 days is summarized in (Figure 1)" is wrong. Please rewrite it.

10. Please add the test items of renal biochemistry.
11. Please unify the microscope magnification of the tissue sections.
12. The letters on the tissue section diagram are not clearly marked, please modify them.
13. Please add anatomical pictures of kidney and liver.
14. Please add the clinical status of the mice after the extract was added.
