# Borderline Ovarian Mucinous Tumor/Atypical Proliferative Ovarian Mucinous Tumor

National Cancer Institute

## Source

National Cancer Institute. *Borderline Ovarian Mucinous Tumor/Atypical Proliferative Ovarian Mucinous Tumor*. NCI Thesaurus. Code C122586.

A non-invasive neoplasm that arises from the ovary and is composed of gastrointestinal-type, mucin-containing epithelial cells. It shows greater cellular proliferation and cytologic atypia as compared to benign ovarian mucinous tumors.
