**Potential competing interests:** No potential competing interests to declare.

1. The writing language needs review because it is weak in terms of wording and grammar.
2. The word "we" must not be mentioned, and the passive voice is usually used.
3. Rewrite the summary to include the main conclusions of the work.
4. Rewrite the conclusions paragraph to include the main ideas reached through discussing the results of the work.
5. The authors did not delve into studying the participants' opinions about e-learning in the Kurdistan region of Iraq and the details of the challenges that faced its implementation during the Corona pandemic period, and they were satisfied with only one general evaluation term ((negative or positive)).
6. The authors did not mention their affiliations.
