Enroll Patient in the REMS

National Cancer Institute

Source

National Cancer Institute. *Enroll Patient in the REMS*. NCI Thesaurus. Code C128509.

The healthcare provider or setting must enroll the patient in the REMS Program. Enrollment is the process by which REMS participants provide basic identifying and demographic information to the REMS Program (e.g. through a paper form or a website), allowing the application holder to track participants and communicate with them.
