Potential competing interests: No potential competing interests to declare.

In the Abstract and introduction, the problem statement and significance of the study are not clear. The hypothesis of the study is missing. A concluding line in the abstract is also missing. The introduction is good. The effect of soil amendments on the pH, electrical conductivity, and nutrients is not clear in the results and discussion. Tally all the references present in the text and in the last. The paper will be accepted after said corrections.
