# California Breast Cancer Research Program

National Cancer Institute

## Source

National Cancer Institute. *California Breast Cancer Research Program*. NCI Thesaurus. Code C39334.

The California Breast Cancer Research Program (CBCRP) is a program established pursuant to passage by the California Legislature of the 1993 Breast Cancer Act and responsible for administering funding for breast cancer research in the State of California. The mission of the CBCRP is to eliminate breast cancer by leading innovation in research, communication, and collaboration in the California scientific and lay communities.
