

Review of: "Exploding AI-Generated Deepfakes and Misinformation: A Threat to Global Concern in the 21st Century"

Tayseer Salman

Potential competing interests: No potential competing interests to declare.

The Author should include a Detection and Mitigation Strategies section to

1. Highlight studies that have proposed and evaluated methods for detecting and mitigating deepfake content, including research on deepfake detection algorithms, forensic analysis, and media authentication techniques.
2. Critically analyze the effectiveness and limitations of these strategies based on empirical evidence from relevant studies.
