

# Review of: "An Investigation of The Phytochemical Richness of Fresh Musa Paradisiaca L. (Plantain) Stem Juice and Its Anticonvulsant Potential on Pentylenetetrazole (Ptz)-Challenged Rats"

Ausama Safar

Potential competing interests: No potential competing interests to declare.

1. The background section should be shortened.
2. One of the concentrations is absent.
3. Data analysis is not clear; it needs more details.
4. Which test is used for the comparison between means?
5. The Discussion section must be paraphrased.
6. In the discussion, the most relevant plants should be cited as supported references.
