**Potential competing interests:** No potential competing interests to declare.

Though the article is well written about infectious diseases author write covid-19 or Corona virus instead of corona.

Introduction is a very important part of the paper and should have valuable aspects to include: motivation, gaps, challenges, Significance/implication. Highlight analysis and reflect only the important points for the whole paper. author need to refer most recent papers. Improvement need in result analysis, some visualization or graphs of results need to add. The author approach is good.
