Thanks to the authors for reviewing the manuscript. The content is clearly written and appropriate with its title. However, six major issues still require your attention.

## MAJOR ISSUES

The study needs to be reviewed again, paying attention to the following points:

- The main objective and the main problem must be mentioned in the summary.
- This article needs to be revised further
- Investigate more references and new references only 5 references are in the range of the last 5 years.
- There are references that are not included in the text, such as Augurzky, B., & Scheuer, M. (2007); Brinkkemper, S., & Jansen, S. (2012); Chuprinin, O., Massa, M., & Schumacher, D. (2015).
- The challenges section needs more expansion.
- There is no conclusion in the article.
