

Review of: "IQOS® Cross-Sectional and Cohort US Study Documentation"

Dai Yuki

Potential competing interests: No potential competing interests to declare.

The manuscript is well written and clear, and I suggest adding information on what the threshold is for the length of "long term former tobacco use" for the behavioral characteristic.

And, I have a minor comment on forth paragraph of Introduction in Page 3, There ia a wrong reference number (1) seems to be remained. - "On July 7, 2020, the FDA granted the MRTPA marketing order authorizing the reduced exposure claim¹. The IQOS..."
