**Dear Editor in Cheif**

As the reviewer of the manuscript entitled as 'SPATIAL ANALYSIS OF SOIL FERTILITY USING GEOSTATISTICAL TECHNIQUES AND ARTIFICIAL NEURAL NETWORKS--" I went through the manuscript and found that it has merits to publish in an international Journal and it is line with Scope of your Journal. But It suffers from major shortcomings, that I highlighted on the attached file. In overall, I am suggesting major revisions and re-evaluation before publications.

The best wishes
