**Potential competing interests:** No potential competing interests to declare.

**Abstract :** The research method must be explained more.

**Introduction :** There is a limited previous research to explain your research objectives, the gap of the research must be explained more to clarify there is a problem with this topic.

**Empirical Review :** Expand more this section to build your hypothesis. The theory has been explained here is too limited.

**Conceptual Framework :** There is no supporting theory yet to build your conceptual framework, kindly explore more previous research in this section.

**Results :** Additional outputs need to be reported, kindly explore your output of processed data. Your results of processed data are too limited.

**Conclusion :** Explain your limitation, contribution of the research and the positioning of your research among previous research.
