Abstract

You need to give a brief of how participants were chosen.

The abstract's opening statement must link the importance of service provision to disease eradication in Zimbabwe.

Introduction

Avoid the use of future tenses in the introduction.

Be consistent in referencing style.

WOAH must be in full at first mention.

Results

It is best to separate demographic data and resources.

What do you mean by remittances?

Figure 1: Y-axis units not labelled.

Avoid discussing the results if the two are not combined.
