International Prognostic Scoring System (IPSS) for Myelodysplastic Syndromes

National Cancer Institute

Source

National Cancer Institute. *International Prognostic Scoring System (IPSS) for Myelodysplastic Syndromes*. NCI Thesaurus. Code C84350.

A system for scoring myelodysplasia syndrome progression risk, based on a combination of: percentage of blast cells in the bone marrow, the presence and severity of specific cytogenetic abnormalities, and the number of cytopenias in the peripheral blood.
