National Cancer Institute. *Nutrient-rich Whole Wheat Flour Supplement*. NCI Thesaurus. Code C124050.

A nutritional supplement composed of nutrient-rich whole wheat flour-based bread mix, with potential anti-cachexia activity. Following the production of an unleavened bread from the mix and upon oral intake of the nutrient-rich whole wheat flour supplement, the various nutrients in the bread may improve cachexia symptoms. The bread is made from the flour of pulverized whole wheat from an Indian crop.
