Potential competing interests: No potential competing interests to declare.

- 1-The text style and font should be consistent throughout the manuscript.
- 2- Abstract is too short.
- 3- The scientific description must be supported with suitable references.
- 4- All used forms must be supported by suitable literature.
- 5- The following work based on SCs could be consulted to improve the worth of the manuscript: Fuel, 343 (2023) 127946, RSC Advances, 13 (2023) 28063-28075, and Ceramics International, 48 (2022) 19314-19323.
