

Review of: "Building a digital republic to reduce health disparities and improve population health in the United States"

Ahmad Alzubi

Potential competing interests: The author(s) declared that no potential competing interests exist.

The article is well written.

The authors shed light on all important issues regarding the researched topic.

It's recommended that the authors add a subtitle to talk about the risk side for society and government as a result of building a digital republic within the United States.
