Potential competing interests: No potential competing interests to declare.

Thank you very much for this opportunity, and you have done great things by finishing and submitting your paper. Allow me to give some suggestions:

The abstract is too short and does not cover the whole paper.

The introduction is too short and cannot tell us what the purpose of your writing is.

DSM-5 instead of DSM V, and now there is already DSM-5-TR.

No cited references are written in the body of your paper.
