

# Review of: "Determinants of Women Entrepreneurs' Business Performance: Evidence from Micro and Small-Scale Enterprises in Arba Minch Town, Southern Ethiopia"

Jhon Jairo Mosquera Rodas<sup>1</sup>

<sup>1</sup> Universidad Cooperativa de Colombia

Potential competing interests: No potential competing interests to declare.

It is a good research effort and I can suggest:

[https://figshare.com/articles/book/Libro\\_3\\_metodo\\_investigaci\\_n\\_desde\\_Pierce/14444336](https://figshare.com/articles/book/Libro_3_metodo_investigaci_n_desde_Pierce/14444336)

this reading helps to further understanding of the hypothesis in the research process.

as science in its essence gives solutions, it would be important that the conclusions give possible solutions based on the results of the study, this would be very useful to the women's business communities.

Best regards
