

Review of: "Phyto-Therapeutic Potential and Pharmaceutical Impact of Shilajit (Asphaltum punjabianam): Current Research and Future Prospects"

Vinit Prakash

Potential competing interests: No potential competing interests to declare.

Introduction portion needs to be revised critically. Authors are stressing too much over its existence in India. Refer to the book <https://www.sciencedirect.com/topics/pharmacology-toxicology-and-pharmaceutical-science/shilajeet> My second opinion is to present the data of biological/ pharmaceutical activities in tabular form. Rows in Table 2 highlight one-one activity. Concise it.
