

Review of: "WaveBit — Nonbinary Computation: I Symmetric Cryptography"

Konduru Upendra Raju

Potential competing interests: No potential competing interests to declare.

Expand the abbreviation terms when writing for the first time.

Check the sentence formation. Some of the words are repeated.

Paragraphs are not aligned.

Literature survey is not included in this manuscript.

All the references are not mentioned in the proper format (volume no., issue no., page no. are not mentioned).

The proposed methods are not compared to the existing methods.

Equation numbers are not mentioned for some equations. Thus, the continuity of equations is missing.
