

Review of: "On the pros and cons of utilizing crude herbal preparations as opposed to purified active ingredients, with emphasis on the COVID pandemic"

Abdullahi Ibrahim Uba

Potential competing interests: No potential competing interests to declare.

The review article by Harran and Berrebi is potentially interesting, however, the following shortcomings need to be addressed:

1. The article should be divided into sections. Each section should be properly discussed.
2. More case studies and their implications should be included.
3. The conclusion should be elaborated.
