

Review of: "Analysis of climatic parameters in the upper Awash River basin of Ethiopia"

Muhammad Waqas

Potential competing interests: The author(s) declared that no potential competing interests exist.

The article presents the best topic for knowledge enhancement, there are minor changes needed to do before publication.

1. Abstract section is well presented, just remove the abbreviations from the abstract.
2. Introduction section is short, extend it and add more latest knowledge.
3. Separate literature review should be added.
4. Add more details regarding methodology.
5. Discussion section should be consisted of comparison to the previous studies.
6. Give some more detail to explain your results.
7. professional proofreading is required.
