Thank you for giving me this opportunity to read your paper.

I really appreciate how diligent you are about searching in this critical ethical area. I think you really showed how important it is to delve deeply into ethical issues at academic institutions' leadership level. I appreciate the initiative you took, and I hope your work can really make a difference. Selecting this topic shows you really care about ethics, especially at the upper level of academic institutions. Other areas like research and teaching in higher education can be considered and investigated to shed light on ethical dilemmas in these areas for future research.

Thanks again, and keep up the great work.
