Review of: "Design of a Smart Motorcycle Parking System based on Wireless Sensor Network (WSN) in a Multilevel Building at Universitas Pendidikan Indonesia"

Muhammad Zulkifl Hasan[1]

1 University of Central Punjab

Following are my suggestions to authors:

1. Please add more keywords.
2. Don't add images in the introduction.
3. Write a little bit more about your selected methodology.
4. Write more about fig 4, 5, & 6; that is your contribution.
5. Your website should have a language translation tab too.
6. Figs. 17, 18, 19 are not readable.
7. The conclusion is too short; add more.
8. Add future work.
9. Add more references to it.
