GAIA Level 1 Neonatal Death in a Term Live Birth

National Cancer Institute

Source

National Cancer Institute. *GAIA Level 1 Neonatal Death in a Term Live Birth*. NCI Thesaurus. Code C127978.

GAIA Level 1 Neonatal Death in a Term Live Birth is defined by four criteria: first, the infant must be live born; second, the gestational age must be greater than or equal to 37 weeks (a GA level of certainty of one); third, at least one of the following requirements must be met: a) Birth weight greater than 2500g; OR b) Documented intra-uterine growth retardation if weight is less than or equal to 2500g; fourth, the death of the infant within the first 28 days of life must be documented.
