Review of: "Higher-Order Meta Distribution Analysis of Wireless Systems with Application to the Reliability of UWB THz Networks"

Saifur Rahman Sabuj¹

1. Institute of Electrical and Electronics Engineers (IEEE), Piscataway, United States

This article is well-written for higher-order meta distribution analysis in wireless networks. Please provide the proofs for equations (3), (8), (10), (12), (17), and (34). Please provide more results in the results section, such as Reliability vs. molecular absorption coefficient.
