**Potential competing interests:** No potential competing interests to declare.

1. The paper title is 'Investment through IPO in Cuttak...Trends and Perception analysis' – is not relevant to the analysis.  
The analysis and conclusion talks about awareness and perception towards IPOs
2. Research objectives need to be clearly defined
3. The paper selection for literature review is not with a clear objective / aligned
4. The literature review needs to be more extensive, spread over longer period and across geographies
5. Literature review should result into finding the research gap
6. Research methodology is not defined – research objectives, sample selection, data analysis tools, and justification for each of these need to be clear
7. Sample size should be bigger to conclude about behaviour of population in a city
8. Table 18 – has pan-India data. Not clear how is it relevant to the paper
9. Grammar and spelling check is MUST
10. NEED MAJOR REVISION.
