## Review Report

**Manuscript title:** Hepatoprotective Effect of the Ursolic Acid-Oleanolic Acid Mixture Administered Intragastrically in Mice with Liver Damage Induced by Anti-TB Drugs.

**Review Comments:** The manuscript has merits in terms of novelty and significance. The aim, methodology, and conclusion are scientifically valid. It can be accepted for publication after the authors have done the following minor corrections.

1. In Table 2, the authors explained \*\*\* as used in the table. However, they did not explain \* as used in the table.
2. In the conclusion section, "during 60 días" should be during 60 days.
