

# Review of: "[Review Article] Pitavastatin: A Comprehensive Overview of its Mechanisms, Pharmacokinetics, Pharmacodynamics, and Adverse Effects"

Umesh D. Laddha

Potential competing interests: No potential competing interests to declare.

Dear authors, overall, the manuscript is good. However, the addition of information related to the recent formulation development of Pitavastatin will give an added advantage to the readers. You may add a table containing the key outcomes of the same.
