Dear Author,

Your manuscript was well-written but needs further clarification on few points.

Authors and affiliations must be checked once.

Abstract- Abbreviations must be explained on their first use.

Keywords must be according to MeSH terms.

Introduction - It is very long. Keep it focused.

Materials and Methods- Institutional Ethical number and CTRI registration must be mentioned. Age group criteria is very vast. Patients may have age-related changes also, specially laxity of bladder musculature. What was the physical activity level of the patients?

All Figures must be cited.

Discussion- Limitations, strength and future recommendations were not properly explained.

Thanks
