

Review of: "Evidence from FDA Compliance Check Inspections on the Effectiveness of Retail Access Controls on Tobacco Purchases"

Aswini Y Balappanavar

Potential competing interests: The author(s) declared that no potential competing interests exist.

The authors have presented a pressing problem and is apt to the scenario of compliance.

The authors need to correct Section 3 written in manuscript.

The results sections need to be having some tables and graphs of results.

Check list for compliance need to be mentioned and whether validated one is used need to be mentioned in methodology with reference.

The conclusion needs to be more specific and recommendations should be more elaborate.
