MedDRA

National Cancer Institute

Source

National Cancer Institute. *MedDRA*. NCI Thesaurus. Code C43820.

An international medical terminology designed to support the classification, retrieval, presentation, and communication of medical information throughout the medical product regulatory cycle. MedDRA was developed under the auspices of the International Conference on Harmonisation of Technical Requirements for Registration of Pharmaceuticals for Human Use. The MedDRA Maintenance and Support Services Organization holds a contract with the International Federation of Pharmaceutical Manufacturers Associations to maintain and support the implementation of the terminology.
