Potential competing interests: No potential competing interests to declare.

1. I would suggest that the author do change the format of the thesis accordingly to the research paper format.
2. It is crucial study, but perhaps some data on violent in schools or related statistics would be very much appreciated.
3. Section 2.3 onwards - results? what are the methods adopted? why this dedicated 10 participants?
4. It is good to have a summary table on the results
