

Review of: "Women In Slum Risking Their Safety To Access And Usage Of Basic Water And Sanitation Facilities"

Meenakshi Iyer

Potential competing interests: No potential competing interests to declare.

The topic chosen is something which is not much discussed, to throw light upon it is very thoughtful. The methodology is well structured. The abstract is clear, hence it is understandable. The result and discussion is very clear. The paper would definitely help in policy making. A considerable effort has been put in by the Author and the paper is very well written.
