

Review of: "The Growth Performance of Nile Tilapia (*Oreochromis Niloticus*) Fed Low-Cost Fish Feeds Formulated From Fish By-Products, Fishery By-Catch and Pig Blood-Meal"

Noor Faizah Ismail

Potential competing interests: No potential competing interests to declare.

This study has been conducted in a well-designed experiment. The writing style or format should be consistent throughout the writing. Others:

- Consider mentioning fish stocking in fish/m³
- Table 7: 50% BM/Fish meal 0.22... should it be 0.21?
- The survival rate data, has it been mentioned anywhere in the journal?
