## Source

National Cancer Institute. *Memorial Sloan-Kettering Cancer Center*. NCI Thesaurus. Code C39457.

The Memorial Sloan-Kettering Cancer Center is the world's oldest and largest private cancer center. The Center fosters a close collaboration between physicians and scientists to provide patients with the best care available while working to discover more-effective strategies to prevent, control, and ultimately cure cancer in the future. It became an NCI-designated Comprehensive Cancer Center in 1971.
